1980 HAMILTON-WENTWORTH POPULATION STATISTICS

HAMILTON-WENTWORTH REGION
PLANNING & DEVELOPMENT DEPT.

MAY 1981

TABLE OF CONTENTS

INTRODUCTION

Section 1

Map of Hamilton-Wentworth Region

Population by Single Years of Age and Sex; 5 Year Age Groups; and Various Age Groups, for:

Hamilton-Wentworth Region
Township of Flamborough
Town of Dundas
Town of Ancaster
Township of Glanbrook
Town of Stoney Creek
City of Hamilton
City of Hamilton - Lower City
City of Hamilton - Mountain

Section 2

Map of Planning Divisions - Hamilton-Wentworth Region

Population by Single Years of Age and Sex; 5 Year Age Groups; and Various Age Groups, tabulated for each of the 30 Planning Divisions

Section 3

Map of Planning Units (Divisions and Neighbourhoods) in the Town of Dundas

Population by Age Groups by Neighbourhood Planning Unit - Town of Dundas

Population by Single Years of Age and Sex; 5 Year Age Groups; and Various Age Groups, tabulated for each of the 31 planning unit neighbourhoods in the Town of Dundas

Map of Planning Units (Divisions and Neighbourhoods) in the City of Hamilton

Population by Age Group by Neighbourhood Planning Unit - City of Hamilton

Population by Single Years of Age and Sex; 5 Year Age Groups; and Various Age Groups, tabulated for each of the 126 planning unit neighbourhoods in the City of Hamilton

INTRODUCTION

This is the seventh annual edition of Population Statistics produced by the Regional Planning Division, Planning and Development Department. (Previous editions have been entitled "Population Reports"). Similar editions were produced reporting City of Hamilton population since 1971. The statistics are generated by computer using an information system operating with assessment files. Only a limited number of copies are printed and these are retained in the Planning Department where they are available for public use.

The information base for the statistical summaries is derived from standard year-end assessment files provided to municipalities for taxation purposes. The census data on the file is enumerated in the month of September and reported by the assessor in October each year. However, the extent of detail reported is not sufficient to satisfy all municipal requirements. This publication provides the user much more scope when examining specific age and sex groups by geographic location. Standard reporting areas from planning units blanket the region providing 4 tiers of reporting: regional, municipal, planning division, and neighbourhood. Neighbourhood levels are reported for Hamilton, Dundas and Stoney Creek. For ease of reference, the four levels are sorted into three sections of this publication. Reports of the Regional and Municipal tiers are contained in Section 1; Planning Divisions in Section 2; Neighbourhoods in Section 3. Maps illustrating the location of planning units precede each section.

CAUTION: Users should take note that discrepancies will be observed when comparing these statistics with those released by the Ministry of Revenue. The difference is unavoidable. It occurs because the data base which produces these reports varies in time by three months from the base that is used by the Ministry. The official census population is produced by the Ministry and also includes an appended adjustment which is included in this publication. The following table illustrates the difference between the two reporting systems, by municipality, in 1980.

1980 POPULATION

<u>MUNICIPALITY</u>	<u>SEPTEMBER</u>	<u>END OF YEAR</u>	<u>DIFFERENCE</u>
Hamilton	306,640	306,853	213
Ancaster	14,294	14,361	67
Dundas	19,501	19,507	6
Stoney Creek	5,639	5,877	238
Flamborough	24,234	4,184	-50
Glanbrook	9,737	9,721	-16
Hamilton- Wentworth	410,045	410,503	458

Digitized by the Internet Archive
in 2024 with funding from
Hamilton Public Library

Users who are familiar with the previous Population Statistics produced by the Region will note that the difference between the "end of year" and the September population figures for the City of Hamilton is positive, a change from the negative differences recorded in previous years. This large discrepancy is due to irregularities in the Assessor's enumeration of students living on the McMaster University Campus in the "Cootes Paradise" Neighbourhood. Similar discrepancies have occurred in every year since 1972, although the effects were not as severe.

In this publication corrections are made to the 1980 populations to compensate for the McMaster situation by hand adjustments made to the appropriate tabulations. Age and sex breakdowns are not available for the adjusted populations. A summary of affected areas and resulting population follows:

Population of Cootes Paradise Neighbourhood (6906)	2,344
Population of Planning Division "69"	- 20,160
Population of "Lower City"	- 195,973
Population of City of Hamilton	- 306,847
Population of Region	- 410,800

The following two tables provide amended population figures for the Cootes Paradise Neighbourhood, Planning Division 69, the Lower City, the City of Hamilton and the Region from 1973 to 1980 with consistent considerations for McMaster Campus residents.

1972 - 1980 AMENDED HAMILTON AND REGIONAL POPULATION FIGURES

YEAR	PREVIOUS "END OF YEAR" POPULATION OF HAMILTON	AMENDED HAMILTON* POPULATION	PREVIOUS "END OF YEAR" REGIONAL POPULATION	AMENDED* REGIONAL POPULATION
1972	303,832	305,671	N.A.	N.A.
